Subject: water contamination question

Good afternoon. My name is (b) (6). I was given your name and transferred to your voicemail by the person who answered the phone at the main EPA number. I did leave you a voice mail as well but thought an email might work better to explain what we are looking for in the way of information.

We live in Spokane County and (b) (6) within the City of Airway Heights WA.

I will start with a bit of background. (b) (6)

(b) (6)
(b) (6) well test quite high in the PFOA and PFOS contaminants. Well above safe levels.

Our challenge now is that (b) (6)

(b) (6) (b) (6) we are trying to find real, specific, solid information on this issue.

Any help or contact suggestions would be very appreciated.

Thank you

(b) (6) (b) (6)
